# ABOUT THE MOURATOGLOU ACADEMY

With more than 320 days of sunshine per year and 12 acres of cutting-edge sports infrastructure, in the heart of the Mouratoglou Resort, the Mouratoglou Academy is one of the world's most renowned destinations for the practice of intensive outdoor tennis all year long.

In 1996, Patrick Mouratoglou founded his academy with the aim of developing a precursor method and system that has proven to be extremely efficient since then.

The Mouratoglou Academy is considered as the No. 1 academy in Europe thanks to the excellent results achieved each year. Throughout the year, many of our players are ranked in the world top 100 and win Junior Grand Slams or international competitions such as Les Petits As or the Orange Bowl.

The best professional tennis players (Serena Williams, Stefanos Tsitsipas and Andy Murray, to name but a few) have made it their training ground to perfect their games and prepare at best for tournaments. Along with professionals, young people and athletes of all levels come together in an ideal setting combining performance and well-being.
