6. Medical, Extreme Weather Conditions and Toilet/Change of Attire Breaks

a. Medical Condition

A medical condition is a medical illness or a musculoskeletal injury that warrants medical evaluation and/or medical treatment by the Physiotherapist/ Athletic Trainer (also known as the Primary Health Care Provider) during the warm-up or the match.

Treatable Medical Conditions o Acute medical condition: the sudden development of a medical illness or musculoskeletal injury during the warm-up or the match that requires immediate medical attention.

Non-acute medical condition: a medical illness or musculoskeletal injury that develops or is aggravated during the warm-up or the match and requires medical attention at the changeover or set break.

Non-Treatable Medical Conditions o Any medical condition that cannot be treated appropriately, or that will not be improved by available medical treatment within the time allowed.

Any medical condition (inclusive of symptoms) that has not developed or has not been aggravated during the warm-up or the match.

General player fatigue.

Any medical condition requiring injections, intravenous infusions or oxygen, except for diabetes, for which prior medical certification has been obtained, and for which subcutaneous injections of insulin may be administered.

b. Medical Evaluation

During the warm-up or the match, the player may request through the Chair Umpire for the Physiotherapist/Athletic Trainer, in conjunction with the (Tournament) Doctor, to evaluate him/her during the next change over or set break. Only in the case that a player develops an acute medical condition that necessitates an immediate stop in play may the player request through the Supervisors/Chair Umpire for the Physiotherapist/Athletic Trainer to evaluate him/her immediately.

The purpose of the medical evaluation is to determine if the player has developed a treatable medical condition and, if so, to determine when medical treatment is warranted. Such evaluation should be performed within a reasonable length of time, balancing player safety on the one hand, and continuous play on the other. At the discretion of the Physiotherapist/Athletic Trainer, such evaluation may be performed in conjunction with the (Tournament) Doctor, and may be performed off-court. *

If the Physiotherapist/Athletic Trainer determines that the player has a non-treatable medical condition, then the player will be advised that no medical treatment will be allowed.

c. Medical Time-Out

A Medical Time-Out is allowed by the Supervisor, Referee or Chair Umpire when the Physiotherapist/Athletic Trainer has evaluated the player and has determined that additional time for medical treatment is required. The Medical Time-Out takes place during a change over or set break, unless the Physiotherapist/Athletic Trainer determines that the player has developed an acute medical condition that requires immediate medical treatment.

The Medical Time-Out begins when the Physiotherapist/Athletic Trainer is ready to start treatment. At the discretion of the Physiotherapist/Athletic Trainer, treatment during a Medical Time-Out may take place off-court, and may proceed in conjunction with the (Tournament) Doctor. *

The Medical Time-Out is limited to three (3) minutes of treatment. However, at nonprofessional events, the Referee may extend the time allowed for treatment if necessary.

A player is allowed one (1) Medical Time-Out for each distinct treatable medical condition. All clinical manifestations of heat illness shall be considered as one (1) treatable medical condition. All treatable musculoskeletal injuries that manifest as part of a kinetic chain continuum shall be considered as one (1) treatable medical condition.

Muscle Cramping: A player may receive treatment for muscle cramping only during the time allotted for change of ends and/or set breaks. Players may not receive a Medical Time-Out for muscle cramping.

In cases where there is doubt about whether the player suffers from an acute medical condition, non-acute medical condition inclusive of muscle cramping, or non-treatable medical condition, the decision of the Physiotherapist/Athletic Trainer, in conjunction with the (Tournament) Doctor, if appropriate, is final. If the Physiotherapist/Athletic Trainer believes that the player has heat illness, and if muscle cramping is one of the manifestations of heat illness, then the muscle cramping may only be treated as part of the recommended treatment by the Physiotherapist/Athletic Trainer for the heat illness condition.

Note:

A player who has stopped play by claiming an acute medical condition, but is determined by the Physiotherapist/Athletic Trainer and/or (Tournament) Doctor to have muscle cramping, shall be ordered by the Chair Umpire to resume play immediately.

If the player cannot continue playing due to severe muscle cramping, as determined by the Physiotherapist/Athletic Trainer and/or (Tournament) Doctor, he/she may forfeit the point(s)/game(s) needed to get to a change of end or set-break in order to receive immediate evaluation, and treatment if time allows. There may be a total of two (2) additional change of ends treatments for muscle cramping in a match, not necessarily consecutive.

If it is determined by the Chair Umpire or Referee that gamesmanship was involved, then a Code Violation for Unsportsmanlike Conduct could be issued.

A total of two (2) consecutive Medical Time-Outs may be allowed by the Referee for the special circumstance in which the Physiotherapist/Athletic Trainer determines that the player has developed at least two (2) distinct acute and treatable medical conditions. This may include: a medical illness in conjunction with a musculoskeletal injury; two or more acute and distinct musculoskeletal injuries. In such cases, the Physiotherapist/Athletic Trainer will perform a medical evaluation for the two or more treatable medical conditions during a single evaluation, and may then determine that two consecutive Medical Time-Outs are required.

d. Medical Treatment

A player may receive on-court medical treatment and/or supplies from the Physiotherapist/Athletic Trainer and/or (Tournament) Doctor during any changeover or set break. As a guideline, such medical treatment should be limited to two (2) changeovers/set breaks for each treatable medical condition, before or after a Medical Time-Out, and need not be consecutive. Players may not receive medical treatment for non-treatable medical conditions.

e. Penalty

After completion of a Medical Time-Out or medical treatment, any delay in resumption of play shall be penalized by Code Violations for Delay of Game.

Any player abuse of this Medical Rule will be subject to penalty in accordance with the Unsportsmanlike Conduct section of the Code of Conduct.

f. Bleeding

If a player is bleeding, the Chair Umpire must stop play as soon as possible, and the Physiotherapist/Athletic Trainer should be called to the court by the Chair Umpire for evaluation and treatment. The Physiotherapist/Athletic Trainer, in conjunction with the (Tournament) Doctor, will evaluate the source of the bleeding, and will request a Medical Time-Out for treatment if necessary.

If requested by the Physiotherapist/Athletic Trainer and/or Tournament Doctor, the Referee may allow up to a total of five (5) minutes to assure control of the bleeding.

If blood has spilled onto the court or its immediate vicinity, play must not resume until the blood spill has been cleaned appropriately.

g. Vomiting

If a player is vomiting, the Chair Umpire must stop play if vomiting has spilled onto the court, or if the player requests medical evaluation. If the player requests medical evaluation, then the Physiotherapist/Athletic Trainer should determine if the player has a treatable medical condition, and if so, whether the medical condition is acute or non-acute.

If vomiting has spilled onto the court, play must not resume until the vomit spill has been cleaned appropriately.

h. Physical Incapacity

During a match, if there is an emergency medical condition and the player involved is unable to make a request for a Physiotherapist/Athletic Trainer, the Chair Umpire shall immediately call for the Physiotherapist/Athletic Trainer and Tournament Doctor to assist the player.

Either before or during a match, if a player is considered unable physically to compete, or poses a sufficiently serious health risk to other players, officials or Tournament staff, the Physiotherapist/Athletic Trainer and/or (Tournament) Doctor should inform the Referee and recommend that the player is ruled unable to compete in the match to be played, or retired from the match in progress.

The Referee shall exercise discretion before taking any action under this rule, and should base the decision on the best interests of the player and the sport, as well as taking all medical advice and any other information into consideration.

As a precondition to returning to competition, whether at the same or subsequent event, players who have been ruled ineligible to compete under this rule may be required to provide evidence (whether medical or otherwise) that they are physically capable of competing and/or that they pose no health risk to other players, officials or Tournament staff. All such evidence shall be subject to approval by the Referee, in conjunction with the (Tournament) Doctor.

Subject to any other restrictions on participation, a player who has been ruled unable to compete under this rule may subsequently compete in another event at the same tournament, whether on the same or a subsequent day, provided that the (Tournament) Doctor determines that all preconditions for returning to competition have been met. If this rule is applied in a nation where it is inconsistent with the national law, then the national law will prevail.

1. Extreme Weather Conditions

Extreme weather conditions shall be defined at such time that heat, as measured by a Heat Stress Monitor, meets or exceeds a heat stress index of 28 degrees Celsius/82 degrees Fahrenheit. If a Heat Stress Monitor is not available, extreme weather conditions are then defined by the danger zone which is equal to or above the apparent temperature of 90 degrees Fahrenheit, illustrated on the chart below. Heat stress is measured by Wet Bulb Global Temperature (WBGT) which is calculated as (0.7 Wet Bulb + 0.2 Global Temperature + 0.1 Dry Bulb = WBGT).

The Physiotherapist/Athletic Trainer, Doctor or tournament director and the Ten-Pro Referee have the authority to determine if the extreme weather condition rule will go into effect during a tournament. If it is so determined, a ten (10) minute break will be allowed between the second and third sets. There may also be a delay in the starting time of the matches scheduled for play that day.

When possible, this decision to delay the start of matches due to extreme weather conditions should be made prior to the scheduled start of play.

2. Measurement and Monitoring Of Weather Conditions

The Physiotherapist/Athletic Trainer, (Tournament) Doctor or (Tournament) Director will monitor weather conditions by taking measurements a minimum of three (3) times during the day:

- ½ hour before match play begins for the day
- middle of the scheduled day
- prior to beginning of the last match of the day/night.

3. Implementation of the Rule

In the event that during the day there is a sudden change in weather conditions as determined by this periodic monitoring, the Extreme Weather Condition Rule may be put into effect at any time on all courts, excluding matches already in progress. If there is a change in weather conditions and the rule is lifted, those matches already in progress will continue under the extreme weather condition rule. In the case of rain or interruption to play, the Referee, Physiotherapist/Athletic Trainer ,(Tournament) Doctor or Director can reassess the Rule.

4. Conditions of the 10-Minute Break

If it is a mutual agreement between the players not to take a ten (10) minute break, then play will continue. However, if requested by one player, the ten (10) minute break will be taken.

In the absence of a chair umpire, the Referee shall agree the time that the match shall be resumed with both players.

During the ten (10) minute break, no coaching or treatment will be allowed. However, a player will be allowed to receive an adjustment of medical support, medical equipment and/or advice from the Physiotherapist/Athletic Trainer or (Tournament) Doctor.

Following the ten (10) minute break, no re-warm-up will be allowed.

This rule applies in addition to the allowed bathroom/change of attire breaks during the match.

5. Penalties

After completion of the extreme weather conditions ten (10) minute break between the 2nd and 3rd sets, any delay in returning to the court shall subject a player to Time Violations.

6. Toilet /Change of Attire Break

A player is allowed to request permission to leave the court for a reasonable time for a toilet break / change of attire break (girls matches).

Toilet breaks should be taken on a set break. Change of attire breaks (girls' matches) must be taken on a set break.

In girl's singles events, a player is entitled to two (2) breaks during a match. In boy's singles events, a player is entitled to one (1) toilet break.

In a doubles match, each team is entitled to a total of two (2) breaks. If partners leave the court together, it counts as one (1) of the team's authorised breaks. These breaks may be taken for toilet visits, change of attire (girl's matches), or both, but for no other reason whatsoever.

Any time a player leaves the court for a toilet/change of attire break, it is considered one of the authorised breaks regardless of whether or not the opponent has left the court. Any toilet/change of attire break taken after a warm-up has started is considered one of the authorised breaks. Additional breaks will be authorised, but will be penalised in accordance with the point penalty schedule if the player is not ready to play within the allowed time.

The Referee shall have the authority to deny a player permission to leave the court during a match for a toilet and/or change of attire break if it is interpreted by the Referee as gamesmanship and/or flagrant abuse of the Rules.

A player should not take a toilet/change of attire break and a medical time out consecutively unless approved by the Referee.

A player may change her attire during a toilet break.

7. Matches played without a Chair Umpire

Some matches will be played without a Supervisors or Chair Umpire. All players should be aware of the following basic principles when playing a match in these circumstances:

- Each player is responsible for all calls on his/her side of the net
- All “out” or “fault” calls should be made promptly after the ball has bounced and loudly enough for the opponent to hear
- If in doubt, the player must give the benefit of the doubt to his/her opponent
- If a player incorrectly calls a ball “out” and then realises that the ball was good, the point should be replayed, unless it was a point winning shot or unless that player made an incorrect “out” call earlier in the match. In these circumstances, the player who called “out” loses the point.
- The server should call the score before each 1st serve, loudly enough for his/her opponent to hear
- If a player is unhappy with his/her opponent’s actions or decisions, he/she should call the Referee (or Off-court Umpire)

For matches played on clay courts, there are some additional procedures that all players should follow:

- A ball mark can be checked on a point ending shot, or when play is stopped (a return is permitted, but then the player must immediately stop)
- If a player is unsure of his/her opponent’s call, he/she can ask his/her opponent to show the mark. The player can then cross the net to look at the mark
- If a player erases the mark, he/she is conceding the point
- If there is a disagreement over a ball mark, the Referee (or Off-court Umpire) can be called to make a final decision
- If a player calls a ball “out”, he/she should, in normal circumstances, be able to show the mark.
- If a player incorrectly calls a ball “out” and then realises that the ball was good, the player who called “out” loses the point

Players who do not fairly follow these procedures could be subject to the Hindrance Rule and the Unsportsmanlike Conduct provision of the Code of Conduct.

Any questions on these procedures should be referred to the TEN-PRO Referee.
